## Wright Patman to Address Legion's Party Here Aug. 6

Texas Congressman Accepts Date for Local Rally

### TERRITORY INVITED

Hope Will Return Hospitality of Neighboring Legionnaires

On Thursday night, August 6, Hope members of the American Legion post, and Auxiliary, are to return the many favors extended them at outpost meetings during the past year, by entertaining members of the Legion, their families and their friends at the Fair Grounds in this city. Plans have been completed for one of the best meetings of the year, at a meeting of the officers of the post Wednesday night.

Patman to Speak

Wright Patman, of Texarkana, Tex., representative in congress from the Northeast Texas district, has already accepted an invitation to be the speaker of the evening. Orrin J. Vaughan, of Searcy, state commander of the Legion, and officers and Legionnaires of all neighboring posts have been invited for the occasion. Plans are being made to care for each of the 230 members of the local post, their families and friends, especially those who made the outpost meetings a success.

At the last outpost meeting, held in Ozan, between 600 and 700 attended. The entire town of Ozan helped to make the meeting a successful one, just as the people of Okay had done. The August 6th meeting is being arranged to return the hospitality extended during the past year. The meeting will be held at 8 o'clock, Post Commander Dewey Hendrix has charge of arrangements.

## May Investigate Cigarette Prices

Rumor of Anti-Trust Move Against Wholesale Price Hike

WASHINGTON.—(AP)—Indications were given in the anti-trust division of the Department of Justice Thursday that an investigation would be made of the recent simultaneous rise in the prices of popular brands of cigarettes.

The Washington dispatch refers to an advance in the wholesale price of popular brands of cigarettes to the retailers, put into effect last month.

Combined with the recent increase in the Arkansas tax, the raising of the wholesale price caused local retailers to advance the price to customers from 20 to 25 cents.

However, local retailers recently abandoned their attempt to hold to the 25-cent price, and cigarettes are now retailing here at 20 cents per pack, although the storemen say that with the advance in the wholesale price, and the increased tax, they are retailing cigarettes at a loss.

## Landes Supply Co. to Open Saturday

Cash and Carry Grocery Located on East Second Street

The Landes Supply company, a cash and carry grocery, flour and feed store, opens in Hope Saturday on East Second street, in the store building formerly occupied by the American Wholesale Grocery company. L. M. Clements, formerly of Camden, and for many years a member of the firm, has taken charge of this new Hope store, and has moved his family here, where he will make his home in the future. He expects to take an active interest in the development of the city of Hope.

Upon the occasion of their opening here Saturday, they are serving free cold drinks, cigars and candy. The firm is to do a wholesale and retail business in flour, feed and groceries. This makes the sixth cash and carry grocery store in Hope.

## July Corn Jumps 10 Cents Bushel

Lack of Rain Is Causing Shortage in Iowa Crop, Market Learns

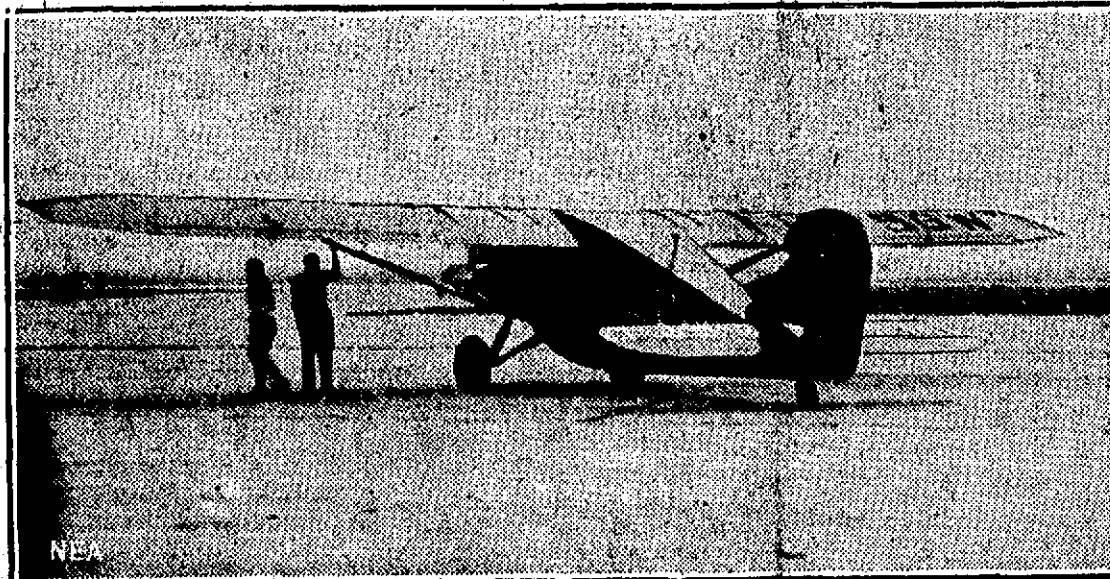

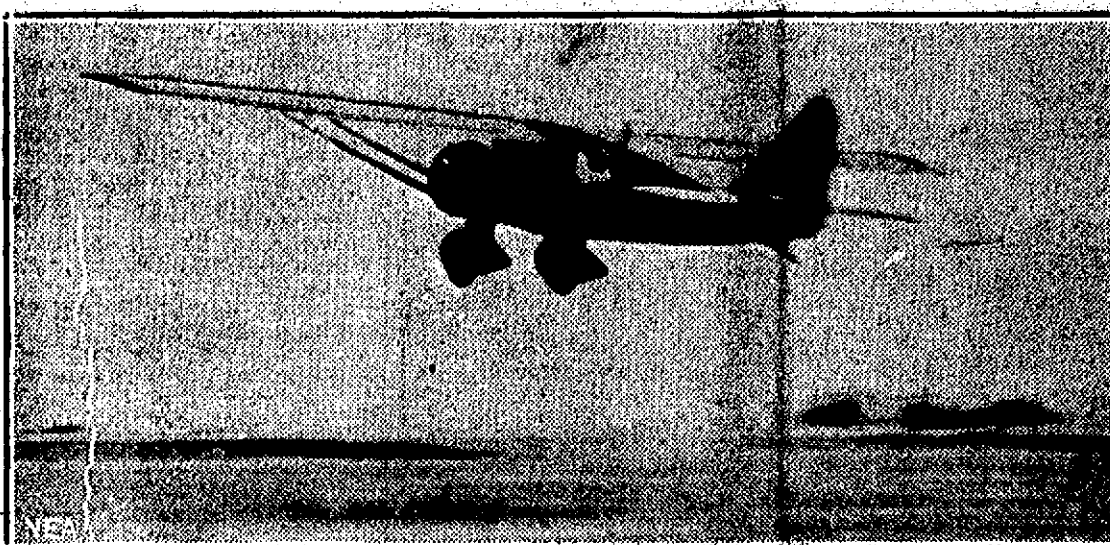

CHICAGO.—(AP)—A shortage reported close to 6,000,000 bushels sent corn sky-rocketing 10 cents a bushel on July contracts Wednesday.

July closed at 68 cents, compared with 59¢ at the opening of trade. The failure of expected rains in Iowa, the country's chief corn producing state, and a report that much of that state's corn is beginning to fire, contributed to the upward flight of prices.

## Government Gives Warning on Loans

Buyers Expected to Protect U. S. on Handling Mortgaged Crops

WASHINGTON.—(AP)—Commission merchants buying crops from farmers who received drought loans were warned Tuesday by the agriculture department that they are liable in the event the borrowers failed to repay the government.

Letters were sent to merchants in the drought stricken farming areas in their trade area who were granted loans from the \$67,000,000 emergency fund approved by the last congress. These loans were secured by a lien on this year's crops.

The letters, signed by George L. Hoffman, director of the seed loan office, said "since these loans are preferred claims it is essential that the purchasers of such crops remit to this office the proceeds of sales up to the amount due the government."

"A large number of the loans made by this office," they continued, "were loans on share croppers. In such cases we hold the waiver of the landlord or others who may have had a mortgage on the crop. It is possible that in such cases the landlord or other mortgagee may offer for sale crops which are subject to the first lien of the government. Buyers are, therefore, cautioned to exercise great care in purchasing crops and we will expect them to fully protect the government's interest and see that this lien is first satisfied."

Attention was called to the fact that loans are due November 30.

It was suggested the greatest benefit could be obtained by marketing through co-operative associations.

Approximately \$48,000,000 was loaned in the drought states.

A mule on the farm of R. C. Stuart at Columbus was killed by lightning during the electrical storm Wednesday, according to a report to The Star Thursday. No other serious damage was reported however.

## Double Cross Is Charged to U. S. in Capone Tax Case

Judge Wilkerson Orders Scope of Trial to Be Widened

### MAY QUIZZ CAPONE

Gangster Chief Subject to Questioning on Leniency Plea

BULLETIN  
CHICAGO.—(AP)—Protesting that the Attorney General of the United States had sanctioned an agreement between Alphonse Capone and the government that leniency would be recommended if the gang chief pleaded guilty to income tax evasions and prohibition conspiracy, Attorney Michael Ahern moved in federal court Thursday afternoon to withdraw Capone's plea of guilty.

CHICAGO.—(AP)—The government and defense attorneys were ordered by Federal Judge James H. Wilkerson to present evidence in prohibition and income tax cases against "Scarface" Al Capone at a hearing beginning at 2 o'clock Thursday afternoon.

Only the reading of indictments occupied the brief morning session during which the gang chief kept mopping his brow nervously.

Capone may be required to testify at the hearing, as the judge said if he asks leniency he must be ready to answer all questions concerning himself.

Judge Wilkerson said he knew nothing of the facts in the case in which Capone is charged with 5,000 separate offenses against the prohibition act, and with evasion of taxes on income to the extent of more than \$1,000,000.

## Mahaffy Wins His 11th; Lost But 2

Athletics Score Again—Boston Defeats the Cardinals

Roy Mahaffey, another of Connie Mack's six great pitching stars, chalked up his 11th victory of the year, against two defeats, Wednesday when he let the St. Louis Browns down with four hits and the Athletics beat them 4 to 2.

Mahaffey was invincible for eight innings, allowing but two hits. In the ninth the excessive heat got him, and after being touched for two safeties he retired for Rube Walberg, who set the Browns down in order the last inning.

Babe Ruth got his 28th home run as the Yankees trounced the Chicago White Sox, 10 to 4. Wesley Ferrell shut out the Washington Senators, giving the Cleveland team a 6-to-0 victory. Boston split a double-header with Detroit, winning the first game 5 to 4 and dropping the nightcap 8 to 6.

In the National League, Ed Brandt, star pitcher of the Boston Braves, shut out the champion St. Louis Cardinals 3 to 0, letting them down with five hits, and giving Boston an even break on the four-game series.

The Phillies stopped the Chicago Cubs, 4 to 0, taking an even break on the series. New York defeated Pittsburgh, 5 to 4; and Cincinnati made it three out of four from Brooklyn, by the score of 2 to 1.

## Quick Divorce Is Held Up to Fall

Hot Springs Chancery Court Takes Vacation to September

HOT SPRINGS.—(AP)—Quick divorces in Arkansas have been slowed up until this fall.

Then the state supreme court will decide whether there will be any at all under the new 90-day law passed by the last legislature.

Possibility of divorces being granted here while litigation over the act was pending in the supreme court was removed when Chancellor W. H. Duffie adjourned chancery court until September, about the time the appellate court reconvenes after a summer recess.

Several suits had been filed under the law and were scheduled to come up soon for hearing when Chancellor Duffie adjourned court.

Opponents of the law claimed its operation was suspended when an attack on it was filed in the supreme court, but lacking definite word from officials, Chancellor Duffie said he would consider each case on its individual merits.

Two days before the law became effective, the Home Protective Association

## 1 Divorce in U. S. For 6 Marriages

Marriages Decline 8.5 % in 1930—Divorces Drop 4.9

WASHINGTON, D. C.—The Bureau of the Census announces that, according to the returns received, there were 1,128,180 marriages performed in the United States during the year 1930, as compared with 1,232,559 in 1929. These figures represent a decrease of 104,379 or 8.5 per cent. There was an increase of 4.2 per cent from 1928 to 1929.

During the year 1930, there were 181,630 divorces granted in the United States, as compared with 201,468 in 1929, representing a decrease of 9,838 or 4.9 per cent. There were 4,333 marriages annulled in 1930, as compared with 4,408 in 1929.

The estimated population of continental United States on July 1, 1930, was 123,191,000, and on July 1, 1929, 121,526,428. ## Others Descend Wales For New Head For Moscow

Fliers to Turkey New Distance Record Over 5,000 Miles

## OTHERS CONTINUE

Pangburn and Herndon Traveling Road and Gatty Took

ISTANBUL, Turkey.—(AP)—Following a new world's non-stop record, Russell Boardman and John Polando brought down the Bellanca monoplane near Cirdigan, Wales, Tuesday night and came on here Thursday morning, took off for Moscow, their original objective, at 2:13 Thursday afternoon in a new effort to break the "round-the-world" record.

Pangburn and Herndon originally expected to fly direct from New York to Moscow, and possibly would have done so except for the Atlantic which hung over the Atlantic. The fliers made a landing advisable Wednesday night near Cirdigan, Wales. The fliers landed easily on a sloping meadow, having in their tanks at the time descent, sufficient fuel for at least eight hours more in the air.

## Moscow Dead Ahead

Although they had expected to reach Moscow earlier in the day, calculations are they still will be able to reach the Russian city Thursday, keeping abreast or slightly ahead of the schedule set by Post and Gatty in their record-breaking world tour. Pangburn and Herndon gave the Welsh farmer and his neighbors the thrill of a lifetime. When the plane swiftly descended and rolled to a stop on the grassy meadow near Cirdigan, the farmer came running from his house, one surprised mortal. He did not know who they were, but apparently had not heard of the projected flight. He could not believe it was possible they had come from the United States on the other side of the Atlantic overnight.

The fliers went to a hotel in Cirdigan, slept until dawn Thursday, then took off with new fuel and a complete rest, for the Russian city.

## ONE DIVORCE IN U. S.

(Continued From Page One)

Mexico 29.5 per cent; Arizona 4.2 per cent; and Nevada 6.4 per cent.

Of these 9 states, 7 adjoining states in which recent changes in the marriage laws require from 3 to 5 days to elapse between the application for a marriage license and the issuance of the same.

Virginia adjoins North Carolina where a law, effective July 1, 1920, applies those under 21 years of age; Kentucky's increase is due in part to a change in the laws of Tennessee, effective on the same date, but applicable to all parties; Louisiana, Oklahoma and New Mexico adjoin the state of Texas where a law requiring physical examination as well, became effective June 13, 1920; and Arizona and Nevada, adjoin the state of California where the law became effective July 29, 1927. In the case of North Carolina and Tennessee, 5 days must elapse while California and Texas require 3 days.

Because of numerous requests for this information, the relative number of marriages to each divorce has been computed. In 1930, for the United States as a whole, 5.3 marriages for each divorce were reported, as against 6.1 in 1929. The District of Columbia and New York state, each having but one cause for absolute divorce, reported 57.5 and 24.5, respectively, while the rates in the other states ranged from 12.9 marriages to each divorce in Georgia to 2.3 marriages to each divorce in Nevada. Arkansas had one divorce for every six marriages.

Dr. Marvin T. Haw, president of the Missouri Anti-Saloon League, will deliver an address on "The Church and the Social Task," and Mrs. Anne M. Blakeney of the Arkansas State Board of Health, Little Rock, will talk on "A Practical Social Hygiene Program."

Validity of the petitions was attacked by a group of Hot Springs attorneys and, acting upon advice of the attorney general, the secretary of state held them invalid.

Attorneys for the Home Protective Association promptly filed a petition for review with the supreme court and included in it an attack on the constitutionality of the law. The supreme court set September 28 as the date for a hearing on the petition.

If the petitions are held valid, the act will be referred to the voters and its operation will be held in abeyance until after the 1932 elections.

While this controversy was going on, preparations had been made here for Hot Springs to become a divorce mecca rivaling Reno, Nev. Shortly after the law was passed a divorce colony sprang up and attorneys were besieged with requests for information concerning requirements for divorce.

Representative J. S. Campbell, author of the bill, moved here from his home at DeQueen and formed a law partnership with Elmer Tackett, Garland county representative who helped lead the fight for passage of the act.

of many nationally known prohibition leaders. The meeting will be closed with two sermons by Bishop W. N. Ainsworth of Birmingham.

The Woman's Christian Temperance Union of Arkansas will have a large part in planning the program. Dr. Atticus Webb, of Dallas, state superintendent of the Texas Anti-Saloon League, will deliver an address on "Education for Temperance." Dr. Webb is author of the book "Dry America" recently adopted by the Methodist Episcopal Church, South, as the official text in a denomination-wide campaign of temperance education.

Dr. Marvin T. Haw, president of the Missouri Anti-Saloon League, will deliver an address on "The Church and the Social Task," and Mrs. Anne M. Blakeney of the Arkansas State Board of Health, Little Rock, will talk on "A Practical Social Hygiene Program."

As Debt Accord Was Reached in Paris

Here's the "big five" of the moratorium conference conducted in Paris between representatives of the United States and France. An agreement regarding President Hoover's proposed one-year debt holiday was virtually assured when this picture was taken at the Ministry of the Interior in Paris. Left to right, next to the table are: Pierre Plandin, French Minister of Finance; Aristide Briand, French Minister of Foreign Affairs; U. S. Ambassador Walter E. Edge; Premier Pierre Laval, of France; Secretary of the U. S. Treasury Andrew Mellon.

Here's First Full-Length View of New Navy Dirigible

Here is the first full-length picture of the nearly-completed U. S. Navy dirigible Akron, the gigantic lighter-than-air craft which will be christened early next month by Mrs. Herbert Hoover. The airship has a gas capacity nearly twice that of the Graf Zeppelin and is longer than the famous German ship. It will carry eight engines totalling nearly 4500 horsepower, and will have a cruising range of 11,000 miles. This photograph is an exclusive "shot" taken in the bazaar at Akron, Ohio. Note the flag on the scaffolding at extreme right.

## Painful Piles

Go Quick—No Cutting—No Salves. It takes only one bottle of Dr. J. S. Leonhardt's prescription—HEM-ROID—to end itching, bleeding, protruding piles. This internal remedy acts quickly even in old, stubborn cases. HEM-ROID succeeds because it heals and restores the affected parts and removes blood congestion in the lower bowel—the cause of piles. Only an internal medicine can do this, that's why salves and cutting fail. Ward & Son say HEM-ROID Tablets must end your Pile misery or money back—Adv.

## "Jap" Secretary Receives \$200,000

Dowager's Castle Gives Will Fight Background Suited to Mystery Tale

By SUE MINAMANA

WASHINGTON—(P)—Fit setting for a prize mystery or detective story was the 18th street home of the late Mary P. Henderson, 54-year-old social arbiter around whose will—or wills—a big court battle looms.

The aged widow of Senator John P. Henderson from Missouri left an estate estimated between \$5,000,000 and \$6,000,000.

In a will dated November 17, 1930, Mrs. Henderson cut off Mrs. Beatrice Wholean, who she claimed was only a foster-granddaughter, with only \$100, but left her young Japanese secretary, Jesse Shima, \$200,000. Court action to break this will appears imminent, and already five other wills

have been brought to light. Secret papers kept locked away for years and only recently revealed would play a part in any court proceedings.

In the foreground looms the suave, neat figure of the Japanese secretary who has been the close associate of Mrs. Henderson for six years.

Their association was an unusual one, the falling dowager seeming to cling to him for both advice and companionship.

She apparently reposed complete trust and confidence in him, in the midst of what she seemed to feel was a rising tide of stealthy intrigue. Mention of a former maid, "Valerie," whom Mrs. Henderson accused of spying on her, could rouse her to excitement, friends say. But always the soothing voice of Shima: "Just forget her, think of other things," calmed her.

The quarrel between Mrs. Henderson and her adopted granddaughter came last spring when Mrs. Wholean brought suit to prevent her grandmother from giving her fine 18th street residence to the government as a home for the Vice President should

it be acceptable. Incensed, the white-haired dowager produced papers which had been sealed for six years, purporting to show that Mrs. Wholean was not a real grandmother but an adopted foundling.

## Coroner Holds Youth Poisoned Girl, Self

HOUSTON, Texas.—(P)—Justice Campbell Overstreet had returned a coroner's verdict Tuesday that the death of Miss Hazel Glover, 19, was murder, due to a poison dose given her by Dan P. Stratton, and that Stratton's death was suicidal.

The couple, students at Rice Institute, died early Saturday after being found mortally ill from the poison, in a rented car parked on a residential street here.
